PART 2 FUNCTIONS AND POWERS OF THE COMMISSIONER

2 Powers of the Commissioner

(1) The Commissioner may at all reasonable times:

(a) enter any area, structure, vehicle, vessel, aircraft or building that, in his or her opinion, has been, is being or is to be used in connection with aggregate prospecting or quarry operations; or

(b) inspect and test any machinery or equipment that, in his or her opinion, has been, is being or is to be used in connection with any of the activity referred to in paragraph (a); or

(c) take or remove for the purpose of analysis or testing or for use in evidence in connection with an offence under this Act, samples of minerals or other substances from any land where any of the activity referred to in paragraph (a) is being carried on; or

(d) inspect, take extracts from, and make copies of, any document relating to any of the activity referred to in paragraph (a); or

(e) issue directions in writing to and impose restrictions on the permit holder, with respect to the health and safety of persons employed by a quarry company in connection with any of the activity referred to in paragraph (a); or

(f) make an Order directing:

(i) the cessation of operations on or in, and the withdrawal of all persons from, any structure of building that is being used in connection with any of the activity referred to in paragraph (a); or

(ii) the discontinuance of the use of any machinery or equipment,

which he or she considers unsafe; or

(g) make such examination and inquiry as is necessary to ensure that the provisions of this Act, and any directions issued, conditions imposed or orders made under this Act, are being complied with.

(2) The Commissioner must show his or her identification to the foreman of a quarry, structure, vehicle, vessel, aircraft, building, machinery or equipment and to any person to whom the Commissioner is about to give an order or direction before exercising any of the powers under subsection (1).

(3) A person who is aggrieved by a decision, direction or order of the Commissioner made under this section may appeal within 10 working days from the date of such decision, direction or order in writing to the Minister who, may as soon as practicable hear and dispose of the appeal.

(4) On appeal under subsection (3), the Minister, may rescind or affirm the decision, direction or order appealed or may make a new decision, direction or order and such decision, direction or order is final.

(5) In exercising his or her powers under subsection (1), the Commissioner may be accompanied by any person who the Commissioner, believes has special or expert knowledge of any matter being inspected, tested or examined.

(6) A foreman who is in charge of any building, structure or place, or of any vehicle, vessel, aircraft, machinery or equipment referred to in subsection (1), must provide the Commissioner with all reasonable facilities and assistance (including the provision of necessary means of transport) for the effective exercise of his or her powers under this section.

3 Undertaking

The Minister may, on the recommendation of the Commissioner and after consultation with the disputing parties, by notice published in the Gazette, declare a quarry or a part of a quarry as a prescribed undertaking.

PART 3 APPOINTMENT, FUNCTIONS AND POWERS OF AN AUTHORISED OFFICER

4 Appointment of an authorised officer

The Commissioner is to appoint the following persons as authorized officers for the purposes of this Act:

- (a) after consultation with the Public Service Commission, a public servant appointed under the Public Service Act [CAP 246]; or
- (b) other persons appointed from time to time for a specified period to carry out a specific task.

5 Powers of authorised officers

An authorised officer has the following powers:

- (a) to make such examination and inquiry as is necessary to ascertain whether the provisions of this Act are being complied with;
- (b) to enter, inspect, and examine a quarry at all reasonable times by day and night, but so as not to impede or obstruct the operations of the quarry;
- (c) to examine into and make inquiry on the state and condition of any boiler or machinery;
- (d) to appear at an inquiry held in respect to an accident in a quarry and may question witnesses if necessary;
- (e) to exercise such other powers as may be prescribed by this Act or any other Act.

6 Record Book

(1) An authorised officer who has inspected a quarry or machinery under paragraph 5(b) or (c) must enter in the record book, his or her opinion or a report, of the actual condition of the quarry or machinery at the time of the inspection.

(2) Nothing contained in or absent from such written report of an authorised officer under subsection (1) may be held to limit or affect the responsibility of the owner or foreman of a quarry under this Act.

(3) The Record Book is to be kept and maintained by the permit holder and must be made available for inspection by an authorised officer.

7 Obligation to remedy dangerous practice

(1) If, in the opinion of an authorised officer, any quarry or any works, matter, thing or practice in or connected with quarrying operations is dangerous or defective that it may likely:

(a) to cause bodily injury to or be detrimental to the welfare or health of any person; or

(b) to cause injury to livestock on the quarry area,

he or she must give notice in writing to the owner of the quarry or his or her agent or the foreman and must state in such notice the particulars in which he or she considers such quarry, works, matter, thing or practice to be dangerous or defective.

(2) An authorised officer may require persons referred to under subsection (1) to remedy the defect or danger, either immediately or within such time as he or she may specify, and may order any work, or quarry operations to be suspended until the danger or defect is removed to his or her satisfaction.

(3) On receipt of a notice, the quarry company, agent or foreman must comply with the notice or if he or she objects to it, must immediately state his or her objection in writing to the Commissioner and inform the authorised officer concerned of the objection.

(4) The quarry company agent or foreman of a quarry must cease to use or operate the quarry if he or she is ordered by an authorised officer in writing to do so because of the danger or defect in a quarry, works, matter, thing or practice, and must withdraw all persons from the danger indicated by the authorised officer until the objection has been determined by the Commissioner.

8 Obstruction of authorised officers

A person who:

(a) wilfully obstructs, threatens or uses an insulting language to an authorised officer or Commissioner in the exercise of his or her duties under this Act; or

(b) refuses to allow an authorised officer or Commissioner entry for inspection or examination in relation to such quarry,

commits an offence and is liable on conviction to a fine not exceeding VT 500,000 or imprisonment to a term of not more than 6 months, or both.

PART 4 AGGREGATE PROSPECTING AND QUARRY PERMITS

Division 1 – Aggregate Prospecting Permit

9 Issue of Aggregate prospecting permit

(1) A custom owner may apply to the Commissioner for an aggregate prospecting permit to prospect building minerals in a rural area.

(2) A quarry company may apply to the Commissioner for an aggregate prospecting permit to prospect building minerals in an urban area.

(3) Subject to subsection (4), the Commissioner may, on the payment of the prescribed fee, issue to a custom owner or a quarry company an aggregate prospecting permit to prospect building minerals.
